

Flexis Air Conditioner, 8.0 kW

White

As our premium air conditioner, the Flexis gives you the highest level of convenience and efficiency with Wi-Fi and more.

- Self-cleaning function for continued clean, fresh air
- Wi-Fi enabled for use with the SmartHQ™ app and smart speaker voice control
- Evenly heat the room with 3D Airflow, which directs air horizontally and vertically

FEATURES & BENEFITS

Voice and remote control

Use the SmartHQ™ app to turn on your air conditioner from anywhere to ensure the perfect temperature when you get home, or use your Wi-Fi enabled Flexis with Google Home or Amazon Alexa voice control.

Healthier air

Your Flexis air conditioner will continue working efficiently to produce clean air, with a Self-clean function that stops dirt from accumulating and reduces the growth of mould and bacteria. Other innovations such as a carbon filter and anti-bacterial silver ion coating also help to filter and kill bacteria.

Sleep mode

Sleep mode supports your ideal sleeping environment, raising, lowering or maintaining the temperature throughout the night to ensure maximum comfort.

Even airflow

Enjoy an even temperature throughout the room with 3D Airflow. Air is directed horizontally as well as vertically for consistent heating and cooling, with airflow that reaches up to 20m.

Eco sensor

The Eco movement sensor detects when there is nobody in the room, switching to Energy Saving mode after 20 minutes for more efficient temperature control.

Easy installation and maintenance

Designed for straightforward installation and maintenance, Flexis includes simple positioning specifications and easy access to the control board and motor.
